

The Supreme Court of the United Kingdom

Private events

Situated at the heart of historic Parliament Square, the home of the Supreme Court of the United Kingdom offers a unique guest experience.

Opposite world famous landmarks such as Westminster Abbey, Big Ben and the Houses of Parliament, the home of the Supreme Court in the recently restored Grade II* listed Middlesex Guildhall is available for hire for a variety of corporate events.

A Gothic style building built in 1913, it sets the scene for a memorable event, especially during the evening – whether you are planning a small business dinner or a larger drinks reception. We are also available as a convenient Westminster location for business breakfasts and lunches, and can offer meeting rooms during the day.

Eye-catching features include majestic ceilings, intricate carved beams, an abundance of exquisite stained glass and world famous artwork. New artwork was also incorporated throughout the building as part of the extensive renovation.

Whatever type of event you are arranging, we would be delighted to discuss how this inspiring and prestigious venue will capture your guests' imaginations.
